Section 1 Description

ILLiad is a resource sharing network to lend and borrow resources which allows users to quickly obtain global library content located in Institution's collections and the collections of other ILL libraries around the world.   ILLiad allows you to replace paper-based workflows, manage a high volume of requests and automate routine functions for borrowing and lending resources between libraries with integration into a variety of third-party systems. ILLiad allows your users to place and monitor their requests without librarian assistance and to get materials quickly.
